

STAR STRIKERS FOOTBALL ACADEMY

From First Kick to Professional Play – Your Child's Football Journey Starts Here

TRAIN. COMPETE. ACHIEVE.

THE SSFA *Way*

WE DON'T JUST BUILD FOOTBALLERS. WE BUILD CONFIDENT, DISCIPLINED LEADERS.

At SSFA, we believe football is more than a sport — it's a powerful way to shape character, confidence, and discipline. Whether your child is a beginner or an aspiring professional, our proven coaching pathway ensures steady progress, unmatched match exposure, and life skills they'll carry forever.

**EVERY CHAMPION STARTS WITH A SINGLE STEP
OR IN OUR CASE, A FIRST KICK.**

It's been about 4 months since I joined star strikers and I feel like my confidence with the ball has increased so much already. Overtime, more girls have joined the academy as well and now we're working on a girls team - which I'm really eager to play matches with :).

I had a very good experience in SSFA, the coaches are very good and experienced and teach us many things such as technically playing, making space, dribbling in space, how to make good passes, position play and etc. I highly recommend you all to give it a try and you can see changes in your playing.

I started playing at the Star Strikers Football Academy about a month ago. Honestly, I never actually took football seriously because before I joined the academy, it was just me playing in my backyard with a few friends. After joining SSFA, football has turned into more than just an occasional evening activity for me and something that I enjoy immensely now because of the academy. I hope we can form a girls' team soon and play at full strength. :)

I just enrolled my child who studies in pathways and I must say the coaches are all extremely good I met Mr Rodrick Joseph. He is one of the best persons to take care of all the players. I recommend all the good players to join them.

The quality of players is much better. The duration and intensity is favorable and enjoyable (90 mins). The ground is not in the best condition. But the ground having real grass allows for less blisters to appear compared to a artificial ground. Compared to other academies it is closer, more favorable and efficient. The coaches (5) are certified and very communicative, regular feedback is given to all the players. Overall a good experience, the only minor issue is the uneven ground.
